

To the Judiciary Committee,

Good morning,

I am writing to respectfully request that you please OPPOSE SB16.

Respectfully, this bill is nothing more than further infringement of the Second Amendment rights of our citizens. The vast majority of gun crimes in our state are committed by prohibited possessors of firearms, not law-abiding gun owners.

Please oppose laws like SB16 that target and profile law abiding citizens, hinder their right to defend themselves, and place hardships on good people just trying to protect their families.

Respectfully, I also ask that you please also OPPOSE H.B. No. 5416

The quantity and frequency of legal firearms purchased by law-abiding citizens with their hard earned dollars is not the business of government.

Finally, I would ask that you please SUPPORT the following bills:

S.B. No. 388  
H.B. No. 5415  
H.B. No. 5412

Respectfully,

Pastor Thomas Balzamo
